The Report of the Chief Election Officer of Ontario

The report of activities reported under the *Election Finances Act* for 1999 is highlighted by the June 3, 1999 General Election. The attached appendices disclose various statistical and financial data for registered parties, constituency associations and candidates.

No candidates who filed exceeded the spending limit set out in the Act. However, 20 candidates have not filed and will be ineligible to run as a candidate in an Ontario provincial election up to and including the next general election.

In accordance with my responsibilities under the *Election Finances Act*, and particularly subsection 2(5), here are my recommendations.

Following detailed discussions with my staff regarding recent reports of the constituency associations, candidates and political parties, I have decided that we will not recommend any changes to the following:

(a) changes in limits on contributions to registered constituency associations, candidates or political parties;

(b) changes in limits on campaign expenses that may be incurred during a campaign period by candidates or political parties;

(c) changes in levels of public funding of candidates or political parties;

(d) changes in public funding of auditor's fees charged to constituency associations, candidates, political parties and leadership contestants; or

(e) any other changes in monetary limits.

Auditor's Report

To the Chief Election Officer

I have audited the statement of expenditure of Elections Ontario - Election Finances Act for the year ended March 31, 1999. This financial statement is the responsibility of the Chief Election Officer. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the expenditures of Elections Ontario - Election Finances Act for the year ended March 31, 1999 in accordance with the accounting policies described in note 1 to the financial statement.

Chief Election Officer

ELECTIONS ONTARIO - ELECTION FINANCES ACT

Financial Statement
March 31, 1999

1. BACKGROUND

Pursuant to Section 78 of the *Election Statute Law Amendment Act, 1998*, the Commission on Election Finances was dissolved on January 1, 1999. The Chief Election Officer assumed all responsibilities as well as all assets and liabilities previously held by the Election Finances Commission. The former Commission became known as Elections Ontario - Election Finances Act. An agreement was reached between the Chief Election Officer and the Office of the Assembly whereby all expenditures of the former Commission from January 1, 1999 to March 31, 1999 were paid out of the Legislative Assembly Fund as part of the original fiscal 1998/99 estimates.

In order to reflect the continuation of the actual financial arrangements, we have presented the Financial Statement of Elections Ontario - Election Finances Act on a 12-month basis.

2. ACCOUNTING POLICIES

(a) Basis of Accounting

This financial statement was prepared on a modified cash basis of accounting which allows an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

(b) Furniture and Equipment

Expenditures on furniture and equipment are expensed in the year of acquisition.

3. SOURCE OF FUNDS

Expenditures were paid out of the Legislative Assembly Fund of the Office of the Assembly.

4. SUBSIDIES

The *Election Finances Act* requires payment of the following subsidies:

- Candidate campaign expenses to every registered candidate who receives at least 15% of the popular vote in an electoral district. The reimbursed amount is the lesser of the candidate's campaign expenses or 20% of the allowable maximum campaign expenditure limit based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional $5,000. On January 1, 1999 this amount was increased to $7,000.

- Campaign expenses to every registered party that receives at least 15% of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district in which the party receives at least 15% of the popular vote.

4. SUBSIDIES (CONTINUED)

- Audit fees for annual, campaign, and special returns of each registered constituency association to a maximum of $400 per return. On January 1, 1999 this amount was increased to $600.
- Audit fees for campaign and special returns of each registered candidate to a maximum of $800 per return. On January 1, 1999 this amount was increased to $1,000.
- Audit fees for campaign and special returns of each leadership contestant to a maximum of $600 per return. On January 1, 1999 this amount was increased to $800.

5. ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Election Officer. In addition, excess contributions must be remitted to the Chief Election Officer where the recipient is unable to recover the official receipt and refund the excess to the contributor.

6. YEAR 2000

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors or systems failures when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, on, or after January 1, 2000, and, if not addressed, the impact on the Commission's operations and financial reporting may range from minor errors to significant systems failure, which could affect the Commission's ability to conduct normal operations. If is not possible to be certain that all aspects of the Year 2000 issue affecting the Commission, including those related to the efforts of its suppliers, or other third parties to be Year 2000 compliant, will be fully resolved on a timely basis.
